To my fellow City Council members,

I met with Steve Witt this week, and was informed that the former YMCA building is now listed on the National Register of Historic Places. This listing recognizes the building's architectural and cultural significance.

You all know by now that Commonwealth has refiled their request for an abatement, reducing the length from ten years to eight. That reduction was based on questions and comments from the council in June.

I hope you will contact me or the developer with any questions that you have prior to tomorrow evening's meeting. Here's the contact info for the developer:

Thanks for your consideration. See you tomorrow.

June 12, 2019

Honorable Duke Bennett  
Mayor, City of Terre Haute  
City Hall, 17 Harding Ave.  
Terre Haute, IN 47807

Dear Mayor Bennett:

The Department of the Interior has notified us that the Terre Haute YMCA Building, 200 S. 6th St., Terre Haute, Vigo Co., Indiana was entered in the National Register of Historic Places on June 3, 2019.

Authorized by the National Historic Preservation Act of 1966, the National Register of Historic Places is the official inventory of sites with national, state, or local significance in the development of our nation's cultural heritage. Listing on the National Register is official recognition of the significance of the site and provides a measure of protection for the property.

In Indiana the National Register is administered by the Department of Natural Resources. In addition to a degree of environmental protection, owners of listed properties may be eligible to apply for matching federal grants for restorations or preservation work, if funds are available. Owners of commercially-used properties are also eligible for federal tax benefits for certified rehabilitation work. Please contact the Division of Historic Preservation and Archaeology should you have any questions about the above programs, telephone 317/232-1646.

Very truly yours,

Cameron F. Clark  
State Historic Preservation Officer
